

Waiting for new medicines in Canada, Europe and the United States 2016-2021

Description

Waiting for new medicines in Canada, Europe and the United States 2016-2021

Mark Rovere, PhD candidate, Canadian Health Policy Institute (CHPI)

Brett Skinner, PhD, Canadian Health Policy Institute (CHPI)

ABSTRACT: The study compared the availability and wait for new medicines in Canada, the European Union and the United States. It examined new drug launches, regulatory approvals, and insurance coverage during the years 2016-2021.

ATTRIBUTION: This paper is corporately authored and edited based on proprietary template models and methods that are intended to facilitate regular updates. The design and content are a cumulative reflection of the diverse contributions collectively attributable to the CHPI affiliated researchers who may have variously participated in updating each edition. Data sources, methods and editorial presentation may evolve from previous editions.
